

## Revision history

Rev. 1.0.3: Published Date 2018/06/23

1. Added 360 Dutch Roll Angle Mode
2. Fixed follow-up mode and screen display is not synchronized.
3. Improve the speed of switching Follow Modes

Notes: When after switching the Beep sound by Simplebgc32 APP or RM2 in the state of connecting the handle, you need to immediately turn off the power and reboot gimbal to set the effective beep sound setting.

Rec.1.0.2: Published Date 2018/02/01

1. Official release
